### Citymain has launched a new insurance solution for Apple's Ipad as well as tablet PCs.

Citymain said that with more people heavily investing in such technology, it is important that a suitable insurance solution is available.

Paul Kelsey, managing director of Citymain, said: "Citymain is proud to offer this comprehensive yet cost effective

### Citymain has launched a new insurance solution for Apple's Ipad as well as tablet PCs.

Citymain said that with more people heavily investing in such technology, it is important that a suitable insurance solution is available.

Paul Kelsey, managing director of Citymain, said: "Citymain is proud to offer this comprehensive yet cost effective insurance policy for Ipads and tablet PCs.

"Our policy allows our clients, such as Apple Premier Resellers and other participating retailers, to tailor the coverage to meet the needs of their customers. We can provide day-one protection against theft and accidental damage, including liquid damage, as well as giving the customer the opportunity to extend the manufacturers' warranty for product failure."

Citymain's Ipad and Tablet PC cover can be sold by retailers both online and on the high street, at point of sale of the device itself.

Alternatively, it can provide a centralised claims fulfilment service, handling both repairs and replacement, with an average claims turn-a-round time of three days.

Citymain also handle all aspects of policy issuance to the customer and subsequent customer service.
